For lower and upper secondary learners from grades 6-12, our curriculum is designed with an innovative approach that integrates real-world simulation and problem-solving through project-based learning and hands-on activities. The WeLearn pedagogy nurtures the development of essential future skills, enabling learners to thrive in the digital age. Additionally, our self-paced, personalized core academics allow your child to develop responsibility and self-direction as they navigate their career pathways.

Our Program Includes:

1. Personalized Core Academic Online Learning (Choose Either US or UK)

- **US Curriculum (Acellus Academy):** Offers a comprehensive academic program from middle school to high school graduation, providing an accredited diploma recognized by WASC.
- **UK Curriculum (CambriLearn):** Provides education from the lower secondary level through IGCSEs and A-Levels, with international accreditation from Cognia and Pearson Edexcel.

2. Project-Based Learning Classes

- Our project-based learning classes involve hands-on activities for at least 10 hours a week over a 12-week period. Learners acquire key future skills by using design thinking to solve real-world problems and develop essential soft skills. Upon completion, learners receive a Mastery Transcript, issued by the Mastery Transcript Consortium and recognized by top universities.

3. Unique Features:

- In addition to our innovative curriculum, we provide regular mentoring sessions where learners meet with their learning coach to discuss challenges and assess progress on their personalized path.

Payment option

We offer two payment options for the tuition fee:

- **Annual Payment:** The entire annual tuition fee can be paid in one installment with an additional special discount of 5%.
- **Term Payment:** The annual tuition fee can be divided into three equal payments, with each installment due at the beginning of each term.
